Dear Mrs. Auer:

This is further to your request under the *Access to Information Act*, received on May 25, 2010, for the following documents:

Asking for information held by the CRTC concerning the number and percentage of voting shares held by non-Canadians as of August 31, 2009, in Canadian broadcast licensees, for individual licensees and for the Canadian broadcasting sector as a whole.

No ownership records are maintained by broadcasting sector; such records are at the licensee level only. Detailed ownership information (number and percentage of voting shares), which is filed through application processes and through the Broadcasting Ownership Information Annual Filing process, is not maintained in our records in such a way that we can provide information that would satisfy the parameters of your request, nor is it maintained in a separate records on the CRTC Website. Certain information that might be of interest to you is available on the Commission's website at <http://www.crtc.gc.ca/ownership/eng/ownership.htm>. It contains the ownership charts for most of the existing major broadcasters, and reflects the most recent updated voting interest provided by a licensee. Note that the date at the bottom of each chart is the date when the chart has been updated with certain information; it is not an indication that all of the voting interest information has been confirmed on that date. Until a change is provided to that effect, they are deemed current.

Yours sincerely,

Elsa Van Hulst
